1. GENERAL RULES AND SCOPE

This document contains the rules concerning tuition fees for all students enrolled on Levels I, II and III study courses of the University of Pavia for the academic year 2026-2027, in compliance with the criteria of fairness and solidarity set forth in the Fee Regulation and the Statutes of the University of Pavia, and with existing law provisions.

In order to be regularly enrolled and use the services provided by the University, each student must pay the required university or tuition fees and not have debts of any kind with the Agency for the Right to University Study (EDiSU Pavia) and with the University.

If the student has pending payment of any fees, he/she can't carry out any actions involving his/her career (e.g. enrolling for subsequent academic years, taking course or degree examinations, transferring to another location, transferring to another study course at the University of Pavia). If he/she wants to transfer or renounce from studies, he/she can't have any pending payment. However, this is not required in the case of a suspension of their student career. On the other hand, students who withdraw or are transferred to other universities are required to don't have any pending payments relating to the last year of enrolment. Certifications can only be obtained for the academic years for which the university fees are paid in full.

Payments of all university fees must be made through PagoPA, by accessing the Administrative "Secretary > Payments" section of the student's Reserved Area and selecting the fee to be paid. For further details on payment methods and PagoPA, please download the illustrative [tutorial](#).

Students are reminded of the need to comply with all the provisions on administrative procedures for enrolment and registration at the University of Pavia, as well as those concerning their student career, as set out in the Student Career Regulations and other specific regulations, which can be consulted on the [dedicated webpage](#).

In the event that the student requests a reduction in fees and/or benefits involving their right to education, and the checks on the documents submitted show irregularities or omissions that would require fee changes or forfeiture of benefits, the sanctions provided for in Article 7 of the Fee Regulations will be applied.

2. BACHELOR'S AND MASTER'S DEGREE COURSES

2.1. COMPOSITION OF UNIVERSITY FEES

University tuition fees consist of two items:

- a) Regional Tax for the Right to Study (plus a €16,00 statutory stamp duty)
- b) All-inclusive fee

The amount for both items is assessed based on the student's family unit financial situation, determined either by:

- **The ISEE for the study purposes** is issued by CAF (Tax Advice Centre) or directly by INPS (National Social Security Institute) from 1 January to 31 December 2026 each year to students with family unit residing in Italy and with income and assets generated/held in Italy or abroad presenting the Single Substitute Declaration (DSU). All the information needed to obtain it can be found on the [INPS](#) website.
- **The Equivalent ISEE** (*ISEE parificato*), calculated by the University for students whose family units reside abroad and whose income and assets are produced abroad or in Italy, subject to the submission of the required documentation (further details are provided in the [relevant section](#)).

Where the student's family unit experiences a change in self-employed or salaried employment status, or a variation in total income exceeding 25% (or a change in assets exceeding 20%), a **current university ISEE** (*ISEE universitario corrente*) may be submitted. For further information please refer to the [INPS website](#).

2.1.1. *Regional tax for the Right to study*

The **Regional Tax for the Right to study** is payable for enrolment in Bachelor's degree, Master's degree, PhD, and Postgraduate Specialisation programmes at universities with their legal headquarters in Lombardy, with the exception of Medical Specialisation programmes.

Effective from the 2026-2027 academic year, the regional tax amount is tiered across into the following three brackets:

- a) The first bracket, amounting to €130,00, applies to those presenting an Equivalent Financial Situation Indicator (ISEE) not exceeding €28.339,88;
- b) The second bracket, amounting to €160,00, applies to those submitting an ISEE between €28.339,89 and € 56.679,76;
- c) The third bracket, amounting to €190,00, applies to those submitting an ISEE exceeding € 56.679,76 and to those who fail to submit an ISEE statement at the time of enrolment.

The third bracket also applies to specific degree programmes for which the system of statutory taxes and tuition fees is not tiered according to ISEE brackets, as detailed in the following sections.

For further information regarding the ISEE thresholds applied, reference should be made to the relevant webpage.

2.1.2. *All-inclusive tuition fee*

The **all-inclusive fee** considers the following elements:

- a) The Degree Programme, depending on applicability of the 3 fee areas shown in the table provided in [Annex 1](#);
- b) The number of years of enrolment in respect of the normal course duration is calculated from the year of matriculation at the University in relation to the active academic career;

- c) The financial situation of the student's family unit, assessed based on the Equivalent Economic Situation Indicator – "ISEE" - for the right to study, or equivalent ISEE.

The all-inclusive fee due considering the above factors are shown in [Annex 2](#).

The **all-inclusive fee is zero** for students with an **ISEE of up to €32.000,00** enrolled for a number of years less than or equal to the duration of the study course, plus one year. Students with an ISEE exceeding €81.000,00, and those who fail to submit an ISEE statement in accordance with the procedures outlined in the following sections, shall be placed in the highest fee bracket.

The top bracket is made up of students who:

- 1) have not authorised the importing of ISEE for the right to university study and/or said ISEE is not available in the INPS database as of 22 October 2026;
- 2) have authorised the importing of an ordinary or other type of ISEE;
- 3) have authorised the importing of an ISEE not associated with the tax code of the student applying for the benefit;
- 4) have authorised the importing of an ISEE with annotations or discrepancies¹;
- 5) are unable or do not intend to produce the ISEE certificate or complete documentation on foreign income needed to calculate the fee requested in the chapter below.

There are also special fees to be paid for outgoing transfers, diploma issues, participation in State tests or exams, enrolment on individual courses, etc. For more information, please refer to the paragraph [Special fees](#).

2.2. CALCULATING THE ALL-INCLUSIVE FEE

2.2.1. Students from a family unit residing in Italy and with income and assets generated in Italy or abroad

Students requesting calculation of their all-inclusive fees on the basis of financial status must access their [reserved area](#) (Secretariat > benefits) between 2 June and **22 October 2026, authorising the University to automatically acquire their 2026 ISEE (Indicator of Equivalent Financial Status) for university purposes, without any discrepancies²**. Consent shall be given only if the student is already in possession of the ISEE. If the student provides the authorisation later than 22 October, or if on that date the university ISEE, with compliance, is not available in the INPS (National Institute for Social Security) database, **then a penalty of 165,00 will be due**. The penalty will also be due in the event of changes to the ISEE certificate subsequent to 22 October 2026 (Exemptions and special conditions on the late payment fee are set out in the section *Late Payment Penalty*). To avoid the late payment penalty students enrolled after 22 October must be in possession of the ISEE 2026 and provide authorisation within 15 days of completing the matriculation process (reception of welcome email). Students who will not be able to obtain a usable ISEE 2026 for the right to education may submit the ISEE 2027 with payment of an administrative fee of €330,00, sending an [ad hoc request](#) via [Filodiretto](#) by 31 December 2027. Applications submitted after this deadline will not be accepted. In the cases described, the 2027 ISEE shall instead be valid for the enrolment in academic year 2026-2027. More detailed information can be found on the [dedicated web page](#).

Students who are eligible to obtain the "current" university ISEE may submit it as a replacement for the university ISEE. Please note that the 2026 ISEE must be valid on 31 December 2026 and cannot be requested after this date. Where a Current ISEE 2027 for the 2026-2027 academic year is submitted, it must be valid through 30 September 2027.

¹In the event that the discrepancies cannot be remedied, as a last resort, the student may make a special request for permission to submit a different ISEE. The University reserves the right to carry out appropriate checks on the truthfulness of the declarations.

²For more information on compiling the DSU (Single Substitute Declaration) when applying for the ISEE, please refer to [dedicated webpage](#).

It should also be noted that they must authorise the University to automatically acquire the ISEE 2026 certificate from the INPS database through their [Reserved area](#) (secretariat > benefits) by 22 October 2026.

- Students applying to EDiSU Pavia to obtain the benefits relating to the right to education (e.g. scholarships, place in university college, canteen service, etc.).
- Students who have submitted the 2026 ISEE for the calculation of the all-inclusive fee for academic year 2025/26.

2.2.2. Students from a family unit residing abroad and with income and assets generated in Italy or abroad

To obtain the calculation of their all-inclusive fees on the basis of their financial situation, students with a family unit residing abroad must send the documentation necessary for identification of their income status via [Filodiretto](#) by **22 October 2026**:

- the composition of the family unit, including the student and all family members and cohabiting persons, specifying any family members with serious disabilities;
- gross income generated abroad or unemployment status for the calendar year 2025 of the family members;
- any real estate properties owned abroad by family members as of 31 December 2025, specifying the relative surface area in square meters, or the absence of properties;
- the amount of financial assets of the student's family unit as of 31 December 2025.

The complete description of the required documentation can be found on the [dedicated webpage](#).

This certification must be issued by the competent authorities of the country in which the income is generated, and the real estate properties and movable assets are owned, and legalised³ by the Italian diplomatic representations competent for the territory in question, with Italian translation certified by the same authorities.

For countries that are parties to the Hague convention of 5 October 1961, legalisation may be by means of an apostille.

For countries where there are difficulties in issuing certification legalised by the local Italian Embassy, certification issued by the diplomatic or consular representation in Italy of the country in which the incomes are generated and assets are held may be presented, drafted in Italian and legalised⁴ by the Prefectures pursuant to Article 33 of Presidential Decree No. 445 of 28 December 2000.

No form of self-declaration, equivalent or sworn declaration or affidavit relating to foreign income and/or assets will be accepted and evaluated.

Following verification, students will be contacted by e-mail for delivery of the original documents. Failure to submit or partial submission of the original paper documentation in advance by 31 December 2027 through [Filodiretto](#), for whatever reason, including force majeure, will cause the benefits to be forfeited⁵.

Once the figures are translated from the source currency into Euro using the average annual exchange rate for the previous year published on the [Bank of Italy's](#) website, the equalised ISEE will be calculated according to the following rules:

- Calculation is made of the sum of the incomes received by each individual member of the family unit over the 2025 calendar year;

³ The legalisation of signatures is not necessary for all acts and documents issued by the administrative authorities of the following States: Belgium, Denmark, France, Ireland, Latvia (Brussels Convention of 25 May 1987), Germany (Rome Convention of 7 June 1969), Hungary (Budapest Convention of 26 May 1977).

⁴ The legalisation of signatures is not necessary for acts and documents issued by a foreign diplomatic or consular representation resident in Italy of the following States that are parties to the London Convention of 7 June 1968 or the Brussels Convention of 25 May 1987: Austria, Belgium, Cyprus, Denmark, Estonia, France, Germany, Great Britain, Greece, Ireland, Latvia, Liechtenstein, Luxembourg, Moldova, Norway, Netherlands, Poland, Portugal, Czech Republic, Romania, Spain, Sweden, Switzerland, Turkey.

⁵ As part of the audits conducted by the relevant authorities, the documentation submitted for the issuance of an Italian entry visa may be requested to assess eligibility for benefits, as evidence of sufficient funds for the duration of the study period.

- Calculation is made of 20% of the sum of the movable and immovable assets owned by each member of the family unit at 31/12/2025 (only buildings are considered for the calculation of the immovable assets, valued at €500,00 per square metre).
- The sum of the above elements is divided by the value of the equivalence scale established by Prime Minister's Decree 159/13 No. 159.

If the student is resident in Italy and does not meet the requirements to be considered an independent student (see paragraph below), in addition to the above documents he/she must also send the ordinary ISEE without authorising its acquisition.

For documents submitted after 22 October 2026, a **penalty of €165,00 will be due** (Exemptions and special conditions relating to the late payment penalty can be found in the section *Late payment penalty*). Students coming from war territories identified by the Decree of the Director General published on the [dedicated web page](#) may request to be exempted from the late payment fee of €165,00 by submitting, via [Filodiretto](#), a reasoned request stating the problems faced in obtaining documents due to the war situation of the country where the income was produced and the assets are held.

Students matriculating after 22 October must send the documentation within 15 days of completing the registration (reception of welcome email) to avoid the late payment penalty.

Students with family unit residing abroad applying to EDiSU Pavia to obtain the benefits related to the right to education need to submit only the application in accordance with the methods and terms defined by EDiSU, as indicated on the relative web [page](#). In this case, the data for calculating the all-inclusive fee will be transmitted to the University directly by EDiSU without the need for further student action. More detailed information can be found on the [dedicated webpage](#).

Students with a mixed income will have to follow all the instructions given in the previous points, depending on the origin of the income.

2.2.3. *Independent students*

A student can be considered as independent in accordance with art. 5(3) of the [Prime Minister's Decree of 9 April 2001](#), as amended by art. 3(1) of [M.D. 1320 of 17 December 2021](#), and use his/her ISEE for the right to education only if both of the following requirements are met:

- a) Residence, resulting from official (public registry) records, outside the dwelling of the family unit of origin, for a period of at least two years in respect of the date of the presentation of DSU and in a property not owned by a member of the family unit of origin;
- b) Own income obtained from employed or similar work, not being an employee working under a family member, declared in tax returns for at least two years of not less than €9.000,00⁶.

The student is subject to assessment of fulfilment of the above requirements over a period of five years, even after the benefit has been paid.

For purposes of calculating the university ISEE, a student who does not live with their parents but is not financially independent according to the legal requirements is considered part of the parents' family unit.

For the procedures and deadlines for submitting the documents and the rules for application of penalties, please refer to the above points relevant to the different sources of income. In the event that the student does not meet the above-mentioned requirements, they must include the ISEE of their family unit of origin with their own ISEE or produce documentation reporting the assets and income held abroad by the family unit of origin.

2.2.4. *Stateless students or political refugees*

In accordance with [Article 13 of Prime Minister's Decree of 9 April 2001](#), students holding a valid residence permit for political asylum or statelessness⁷ are treated in the same way as Italian citizens. Moreover, for

⁶ If a student is married or is in a domestic partnership registered with the local authority of residence pursuant to Article 1(36) of Law 76 of 2016, then the income capacity requirement will be assessed taking into account also the income of the student's spouse or domestic partner.

⁷ The same criteria apply to students holding a residence permit issued for asylum seeking, humanitarian asylum, international protection and Ukrainian protection.

the purposes of assessing their economic status, they will not be required to submit any declarations issued by their Embassies or Consulates, as only income and assets held in Italy are considered. These students must therefore follow the instructions for [independent students](#), provided they meet the relevant criteria. If they cannot obtain the ISEE for the right to education, they can submit the ordinary ISEE by **22 October 2026** via [Filodiretto](#).

2.2.5. *Students from particularly poor countries*

The economic status of students from particularly impoverished countries, as defined annually by [Ministerial Decree](#), shall be assessed in accordance with [Article 13 \(5\) of the Prime Ministerial Decree of 9 April 2001](#). Such assessment shall be based on a certificate issued by the Italian diplomatic mission in the country of origin, confirming that the student does not belong to a family known to have a high income and high social standing. This certification may be issued, in the case of students enrolled at a university in the country of origin connected with an agreement to the University of Pavia, by the aforementioned University of origin or, for students enrolling on the first year of Levels I and II degree courses, by Italian bodies authorised to provide economic coverage guarantees pursuant to existing provisions on the matriculation of foreign students in Italian universities.

The student is however obliged to declare any income and assets held in Italy by his/her family unit in the manner described in the paragraph "*Students from a family unit residing in Italy and with income and assets generated in Italy or abroad*".

2.2.6. *Non-EU students with FLAT RATE regime*

International students with **non-EU citizenship** and a **valid residence permit** for study purposes that have not presented income generated abroad to request benefits from the University and/or EDiSU or submit incomplete documentation, are placed in one of the fee brackets (Flat Rate) as shown in [Annex 3](#) (updated annually based on the World Bank ranking) depending on the country of citizenship and the course enrolled on.

The Flat Rate fee class is selected at the time of matriculation and remains unchanged for a number of years corresponding to the normal duration of the study course plus one year. For students admitted to academic years after the first year, the Flat rate remains unchanged for a number of years corresponding to those remaining of the normal course duration plus one year. If in that period, as a result of the reclassification made by the World Bank, the country of citizenship is placed in a lower tax bracket, the student may request an update of the flat rate by submitting an appropriate request via [Filodiretto](#) and paying the relevant stamp duty.

Students may opt out of the flat rate annually by submitting the appropriate documentation for the calculation of the fee based on their family unit's financial and asset status, as set out in [paragraph 2.2](#). "Students whose family unit resides abroad and whose income and assets are produced abroad or in Italy", or by submitting the documentation for applying for benefits to EDISU (Regional Organisation for the Right to University Education).

2.2.7. *Dual citizenship*

In the case of dual citizenship, being a citizen of an EU country takes priority, and the rules for calculating the fee shall follow the rules applicable to EU students. It will not therefore be possible to ask for the Flat Rate regime to be applied. In the case of dual citizenship of two non-EU countries, the Flat Rate regime will be applied according to the citizenship for which the entry visa is issued.

2.3. FEES FOR ENROLMENTS UNDER SPECIAL ARRANGEMENTS

2.3.1. *Enrolment of part-time students*

Students who for reasons of work, care of family members, health or disabilities are unable to fulfil the study commitments of full-time students, in terms of timing and study methods, may apply for part-time enrolment. The provisions governing this form of enrolment are contained in the specific [Regulation](#)⁸.

For part-time students, full payment shall be due for the regional tax, plus an all-inclusive fee equal to the ratio between the normal duration of the study programme and the duration of the student's study contract.

The reduced fees for part-time students are valid only for the agreed period. If the student exceeds the normal duration of the course ("ripetente finale"), he/she will have to pay the same fees as those in place for full-time students.

Part-time students shall not receive the following benefits:

- reimbursement of the all-inclusive fee for students graduating within the normal duration of the study course;
- participation in calls for the assignment of part-time collaborations and tutoring collaborations;
- any forms of exemption, including partial forms, relating to the attendance of some study courses;
- exemptions granted to permanent employees of the University of Pavia and/or to the children of employees.

2.3.2. *Enrolment on individual courses*

Enrolment on individual courses allows the student to attend, for one academic year, individual courses given at the University of Pavia and to take the relevant exams. The rules for enrolling on individual courses are set out in art. 17 of the Student Career Regulations and on the [dedicated web page](#).

Students intending to enrol on individual courses planned for the first semester must complete the enrolment and pay the relative fee by **1 October 2026**, while for second semester courses the deadline is **2 March 2027**. Subsequent to expiry of these deadlines, the student may enrol before **6 November 2026** or **2 April 2027**, respectively, by paying the late payment penalty. No late payment will be due if the enrolment is determined by the Master's Degree Admission Committee (see [paragraph 2.6.1](#) for more information on the amount of penalties for late payment).

The tuition fee for individual courses is determined by the sum of the following amounts:

- fixed registration fee of **€100,00** per academic year;
- stamp duty of **€16,00**;
- fee of **€45,00 for each University Educational Credit (CFU)**.

Enrolment for an individual course is only valid for the specific academic year of enrolment, and the student must sit the examination in the sessions of that academic year, in accordance with the procedures envisaged for students enrolled in the programme including the course for which they register. If the student fails the examination in the sessions for the reference academic year, they may request to take the exam within the following academic year by paying only the registration fee. If the student does not pass the examination in the relevant session or within the following academic year, then he/she must apply for re-enrolment and will be required to pay the full amount (enrolment fee, stamp duty and amount relating to course credits). The student may request a refund of the amount paid for enrolment in individual courses in the following cases:

⁸ For the part-time enrolment of public administration employees (PA110LODE), please refer to the dedicated section.

- Payments made in error, provided that the request is submitted within 30 days of payment. In this instance, refunds shall be restricted to the fees paid for the modules the student no longer intends to attend;
- Refusal of enrolment by the University; in such instances, the total amount paid shall be refunded, including the enrolment fee, less the statutory stamp duty.

University employees in possession of an upper secondary school diploma or a degree can enrol for free on individual courses up to a maximum of 15 CFUs per academic year by paying only the stamp duty, provided they are relevant to the work performed in the University, pursuant to Article 15 of the Regulations for the training of technical-administrative staff, officials and linguistic collaborators and experts of the University of Pavia.

Visiting and free-mover students may also purchase single-course bundles (six-month enrolment for 30 CFUs at a cost of €1.550,00 or one-year enrolment for 60 CFUs at a cost of €2.900,00 – including single-course enrolment fees and statutory stamp duty), which provide access to additional services. For more information see the [dedicated web page](#).

2.3.3. Enrolment for Graduands

Students intending to graduate in the 2025/26 academic year by 30 April 2027 shall not be required to renew their enrolment for the 2026-2027 academic year or pay the corresponding fees. If the degree is not obtained by 30 April 2027, the student must enrol to the new academic year and pay any unpaid instalments and relative penalties, including that relating to ISEE possession and authorisation, if due. An undergraduate student who owes no more than 24 CFUs, notwithstanding the final examination and any related preparatory activities as at 31 December 2026:

- May request to be exempted from the late payment on the first instalment and on any late authorisation for the obtainment of the 2026 ISEE;
- Will have 15 days from the payment of the first instalment to settle the payments of further instalments that are overdue in order to avoid being charged for the related overdue payments.

To obtain this exemption the Student Career Management Unit (UOC “Carriere Studenti”) must be contacted via [Filodiretto](#). If the student is not in possession of the ISEE 2026 for the right to education, he/she may submit the ISEE 2027 and payment of an administrative fee of €330,00, filing an ad hoc request via [Filodiretto](#).

2.3.4. Conditional enrolment in master's degree programmes

Students who meet the entry requirements for a master's programme or who successfully pass the first-year admission test and obtain a three-year degree by 31 March 2027 may “conditionally” enrol in a master's programme (unless otherwise specified in the announcements of courses permissible for the programme), paying the relative fee instalments in accordance with the deadlines set out in this Notice. In the event of failure to obtain the degree by 31 March 2027, the student career will be automatically closed and the student will receive a refund of the fees paid for enrolment on the master's programme, net of the stamp duty.

For the receipt of refunds, the student is not required to submit a specific request, however in their reserved area they must indicate the IBAN of a personal or jointly-held current account (*Personal details > Edit refund details*). If the qualification is not obtained by 30 April 2027 and it is necessary to renew enrolment for the A.Y. 2026-2027 for the bachelor's degree course, a request may be made to counterbalance the amounts paid;

2.3.5. Enrolment following interruption or suspension of the student career

A student who does not renew their enrolment for at least one academic year incurs an interruption in their student career. If they wish to resume studies, they must follow the procedure indicated on the [dedicated webpage](#), paying a fixed fee for each year of interruption. They must also pay in full the fees and taxes established for the current academic year at the time of resuming one's studies. Once the pre-enrolment verification fee has been paid, the student must finalise their academic-year enrolment by contacting the

Fees Office via [Filodiretto](#), to request billing for the first instalment (regional tax and stamp duty), to be paid within 15 days and submitting the study plan within the same deadline in order to avoid the late payment fee. The remaining instalments must be settled within 30 days of the issue of the first instalment. Students requesting calculation of their all-inclusive fee based on financial condition are subject to the same deadline for submission of an ISEE for the right to education, with conformity, relating to 2026 or 2027, to be submitted to the Fees Office via [Filodiretto](#). The same criteria apply to students who have caused forfeiture terms to be interrupted by taking an examination by 30 April 2027 (2025/26 academic year) and must renew their enrolment for the 2026-2027 academic year.

Pursuant to Article 25(2) of the Student Career Regulations, a student who has duly applied for suspension of their student career, and who decides to interrupt their career before the end of the academic year, is obliged to pay the outstanding instalments, but without the related arrears.

In the sole cases of suspension due to serious and prolonged illness, duly certified, and due to the birth or adoption/fostering of a child, if the student submits the suspension application before proceeding to enrolment for the academic year (payment of the first instalment), then when resuming studies, they will not be required to pay pre-enrolment verification fees for the years of suspension. If, on the other hand, the student submits the application after payment of the first instalment of enrolment for the academic year, upon resumption of studies the student will not be required to pay either the instalments not yet issued for the academic year of enrolment on the date of commencement of suspension or the fee due for the years of suspension. In such cases, the first instalment already paid shall not be refunded.

The exemption is applied only if the resumption of training takes place no later than three years after the event that gave rise to the request for career suspension, subject to the submission of a formal application to the Student Career Management Unit (UOC "Carriere Studenti") via [Filodiretto](#), attaching the medical certificate proving the serious and prolonged illness, the pregnancy, or the self-certification proving the adoption/foster-care.

2.3.6. Simultaneous enrolment in two courses of study

The provisions of Law no. 33 of 12 April 2022, Ministerial Decree no. 930 of 29 July 2022 and Ministerial Decree no. 933 of 2 August 2022 allow for simultaneous enrolment in two study programmes offered by Italian and foreign universities, schools, special-order higher education institutes and higher education institutions for art and music (AFAMs).

A student simultaneously enrolling in two study programmes identifies one of these as the reference for the purposes of accessing the benefits provided for the right to education, for the entire period of simultaneous enrolment. A student who already benefits from the right to education, and already enrolled in the first year of a study programme, cannot identify the subsequent years of second enrolment as the reference for the purposes of the right to education benefits.

In the event of payment of fees or discharge of procedures after the deadlines set out in this Notice, the relevant late payment fees shall be due for each enrolment (except for the late payment related to the late submission of the ISEE).

Total or partial exemption from fees is granted for both enrolments, subject to meeting the requirements set out in the fee regulations of each educational institution. The student must also be up-to-date with fee payments at the university of first enrolment, and not be under suspension from their student career. The same rules apply in the case of students enrolling in two different courses of study at the same university. For the student to enrol in academic years subsequent to the first, they must have renewed their enrolment for the previous years, including pre-enrolment verification fees.

Students who simultaneously enrol in more than one study programme at universities/AFAMs of Lombardy need only to pay the corresponding regional tax for the right to university study once, in favour of the university/AFAM indicated as the main place of study. In cases where the second enrolment is with a university/AFAM with registered office outside the Region, the student will instead be required to pay the relevant Lombardy tax.

More information on the application, requirements and how to apply can be found on the [dedicated website](#).

2.3.7. Employees of public administrations (PA110 e Lode)

Employees of public administrations who meet the access requirements set out in the current regulations, and on the basis of the Memorandum of Understanding between the University and the Ministry of Public Administration, may apply for enrolment in certain University of Pavia study programmes with a discount of € 434,00 per ISEE bracket. If the ISEE bracket results in a fee below € 434,00 then the amount due will be zero. For Level I and II Master's courses, the discount amount applied by the University totals € 450,00.

Students enrolled in "PA 110 e lode" degree courses who obtain at least half of the credits planned for each year of the course by the deadline of 30 April of the calendar year following the year of enrolment, and in any case for a maximum number of years equal to the legal duration of the course plus two, will receive a contribution equal to 50% of the enrolment cost incurred, up to a maximum amount of € 1.000,00.

Students enrolled in Level I and II master's degree courses, postgraduate courses or "PA 110 e lode" courses who successfully complete their training will receive a contribution equal to 50% of the tuition fees incurred, up to a maximum amount of € 2.500,00.

The list of available courses, enrolment deadlines and more information on the enrolment scheme can be found on the [dedicated web page](#).

2.3.8. Registration with the Foundation Year programme

The Foundation Year programme is a preparatory course, in Italian, for:

- students who have not achieved the minimum 12 years of schooling and/or other specific requirements for enrolment in an Italian university degree course;
- students who want to broaden their knowledge of study-area core subjects, for future access to University of Pavia degree programmes;
- students interested in learning Italian or improving their language skills.

Access to the programme entails a fee of €5.000,00 per year, including stamp duty (€4.000,00 including stamp duty for those already meeting requirements for exemption from the Italian language exam and attending only the 300 hours of Area Studies). The application is subject to payment of an application fee of € 35,00 (non-refundable). The programme offers a full tuition fee exemption to students holding an international protection residence permit, as determined by the Selection Committee, and to students with a disability recognised under Article 3 of Law 104/1992 and/or a certified disability rating of 66% or higher, subject to the submission of official documentation.

The enrolment fee is broken down into three instalments:

- First instalment (non-refundable) - € 1.000,00 to be paid within 10 days of notification of acceptance of the application;
- Second instalment - € 2,000.00 (€ 1.500,00 in case of exemption from the Italian language course) to be paid by 30 June 2026;
- Third instalment - € 2.000,00 (€ 1.500,00 in case of exemption from the Italian language course) to be paid by 31 July 2026.

Students enrolled in the Foundation Year course who do not obtain a study visa due to a refusal of the visa by the Italian Authorities may request a refund of 75% of the second and third instalments. Claims must be received within 31 January 2027.

For more information see the [dedicated web page](#).

2.3.9. Marco Polo/Turandot programme

The Marco Polo/Turandot Programme is a ten-month preparatory Italian language course for Chinese students wishing to enrol at universities in courses with a specific quota. The programme delivered by the University of Pavia requires the payment a € 6.000,00 fee per year, including stamp duty, to be settled in a single instalment by 30 September 2026.

A Chinese student who is denied a visa or who withdraws from the Programme for serious and proven health or family reasons by 15 November 2026, may request a refund of the fee paid to the University of Pavia, subject however to a € 100,00 fee due for services already provided.

A Chinese student who is not issued with a visa or who is denied a visa by the Embassy after the deadline of 15 November 2026 and by 31 January 2027 (unless otherwise specified in the new circular to be published by the Ministry of University and Research (MUR) by March 2026), may request a refund to the extent of 75% of the fee paid to the University of Pavia for participation in the Programme.

Claims must be received within 31 January 2027.

A student who, having obtained a visa, withdraws from the Programme for personal reasons after 15 November 2026 will not be eligible for any refund.

For more information see the [dedicated web page](#).

2.3.10. *International inter-university degree courses (EC2U project)*

The rules and amounts for fees, including any special fees and/or reductions, referring to degree courses within the European project European Campus of City-Universities (EC2U), an EU pilot project within the action EPLUS2020-AG of the EPP-EUR-Topic UNIV-2020, an ERASMUS+ programme, are set forth in agreements between partner Universities.

For more information see the [dedicated web page](#).

2.3.11. *Teacher training (PF60, PF36, PF30)*

The fees due for the Initial Training and Qualifying Programmes for teachers of common position in secondary schools, delivered in accordance with Prime Minister's Decree of 4 August 2023, are shown under "Fees and taxes" of the Notice of Admission, published on the [dedicated web page](#).

2.3.12. *Enrolment for the Open Semester for access to Medicine and Surgery and Dentistry programmes.*⁹

Effective from the 2025-2026 academic year, admission to Single-cycle Master's Degree programmes in Medicine and Surgery (LM-41) taught in Italian and in Dentistry and Dental Prosthetics (LM-46) is conditional upon enrolment in the Open Semester, the completion of the required modules, and securing a place on the subsequent national merit ranking list. Enrolment for the Open Semester requires the payment of a nationally standardised **€250,00** flat-rate fee, without prejudice to any full or partial exemptions under applicable university tuition regulations.

Where a 2026 University ISEE statement linked to the student's tax identification number is submitted, the fee shall be as follows:

- **€250.00** for students with an ISEE exceeding €30.000,00;
- **€200.00** for students with an ISEE exceeding €22.000,00 and up to €30.000,00;
- **Full exemption** for students with an ISEE of €22.000,00 or below.

The following individuals may apply for a full exemption from the flat-rate fee:

- Students with a disability rating of 66% or higher and/or a disability recognised under Article 3 of Italian Law 104/1992 (subject to the submission of disability certification to the [University Service Centre for Assistance and Integration](#));
- Children of recipients of incapacity for work pensions under Articles 12 and 30 of Law No. 118 of 30 March 1971 (subject to the submission, via [Filodiretto](#), of (i) evidence certifying the incapacity for work and (ii) the [relevant application](#));

⁹ In view of the amendments to the procedures for access to courses of study in "Medicine and Surgery" and "Dentistry and Dental Prosthetics", the notice may be subject to changes for the applicable parts.

- Children of persons with disabilities and of those killed by acts of terrorism committed in Italy under Article 9 of Law No. 302 of 20 October 1990 as amended, and/or victims of duty and their family members, as set out in Article 1, paragraphs 563 and 564, of Law No. 266 of 23 December 2005 (subject to the submission, via [Filodiretto](#), of the (i) disability certificate and (ii) [relevant application](#)).

The payment must be made by no later than 25 August 2026. Any refunds arising from fee recalculations shall be processed only upon submission, by no later than 31 December 2026, of evidence certifying eligibility for a partial or full exemption.

Any flat-rate fee paid shall only be refunded if a formal withdrawal is submitted by 31 August 2026. Should a formal withdrawal be submitted after this deadline, no refund shall be granted.

In all the cases specified above, the refund of any flat-rate fee paid shall be processed automatically by the university administration (without the student being required to submit an application), provided that the beneficiary has entered their IBAN details for the bank transfer in the Reserved Area (*Personal data > Edit refund details*).

2.3.13. Enrolment in degree programmes following the Open Semester

Students enrolling in a degree programme following the Open Semester shall be required to pay the **first instalment** (Regional Tax and statutory stamp duty) upon enrolment. Within 15 days of completing enrolment (receipt of the welcome email), students wishing to have their all-inclusive tuition fee calculated based on their financial standing must hold a compliant ISEE for the right to education (issued in the 2026 or 2027 calendar year) and authorise the University to automatically process the data contained therein. After this deadline, a penalty of €165,00 shall be due. Thereafter, the following fee structure shall apply, according to the type of programme.

Enrolment in Medicine and Surgery (LM-41) and Dentistry and Dental Prosthetics (LM-46) degree programmes

All candidates, including those from other universities, who are ranked high enough in the merit list for enrolment in accordance with the procedures and deadlines set out in the Ministerial Decrees, shall be granted the reduction as under Article 1(2) of Italian Ministerial Decree 431/2025; the flat-rate fee paid for enrolment in the open semester shall be deducted from the total amount due.

Instalment plan for the all-inclusive tuition fee:

- The **second** and **third** instalment amounts, accounting for **40%** and **30%** respectively of the all-inclusive tuition fee to be paid by the student, must be paid by the deadlines set out on the webpage named [Tuition fee for enrolment following the open semester](#).
- The fourth instalment, amounting to the remaining **30%** of the all-inclusive tuition fee, must be paid by **15 April 2027**.

Enrolment in related Degree Programmes pursuant to Article 8 of Italian Ministerial Decree 418/2025

For all candidates, including those from other universities, who are ranked high enough in the merit list for enrolment in accordance with the procedures and deadlines set out in the Ministerial Decrees, the all-inclusive tuition fee due shall be calculated by applying a **50% reduction** to the amount due, based on either the ISEE submitted or the highest fee bracket.

Instalment plan for the all-inclusive tuition fee:

- The all-inclusive fee owed by the student must be paid in two subsequent instalments: one amounting to **70%** of the fee by the deadline set out on the webpage named [Tuition fee for enrolment following the open semester](#), while the remaining **30%** must be paid by **15 April 2027**.

Enrolment in other Degree Programmes not included in the aforementioned groups.

Students enrolling in other degree programmes not included in the aforementioned groups have 15 days from the completion of their enrolment (receipt of the welcome email) to settle any overdue instalment(s), in accordance with the instalment plan established for all University degree programmes, with the exception of the courses listed above.

All students, including those from other universities, shall be granted the reduction as under Article 1(2) of Italian Ministerial Decree 431/2025; the flat-rate fee paid for enrolment in the open semester shall be deducted from the total amount due.

2.4. INSTALMENTS

The amount of the all-inclusive fee is divided into four instalments:

- First instalment:
 - Students applying for enrolment in a degree programme shall be required to pay the first instalment (Regional Tax and statutory stamp duty) **upon enrolment**. Students matriculating after the second instalment due date will have 15 days from the completion of the matriculation (receipt of welcome email) to payment the instalment(s) already expired. A penalty for the first instalment will in any case be due. By the same deadline, students requesting calculation of their all-inclusive fee based on financial condition must be in possession of an ISEE for the right to education, with which they are compliant, and authorise the University to automatically acquire the data contained. Students enrolled in the 2026-2027 academic year may, during calendar year 2027, submit the 2027 ISEE for the right to education, with compliance, within 15 days of enrolment, without incurring additional charges.
 - Students applying for **enrolment in years after their first** (or first year as repeat students) must pay the first instalment, including the regional tax and stamp duty **plus an amount equal to 20% the all-inclusive fee calculated in the previous academic year (if paid), by 24 September 2026**. If the student submits an ISEE 2026 that shows a fall in income such that in the A.Y. 2026-2027 he/she falls in the bracket allowing exemption from the all-inclusive fee, he/she may request the recalculation of the first instalment for the cancellation of the all-inclusive fee by contacting the Fees Office via [Filodiretto](#).
- Second and third instalments: The second and third instalments shall be, respectively, **40%** and **30%** of the all-inclusive fee payable by the student, net of the amount paid in the first instalment based on the ISEE presented, or the top bracket amount. All students, including freshmen and first-year students, must pay the **second instalment by 10 December 2026** and the **third instalment by 04 February 2027**.
- Fourth instalment: this shall be the difference between the total amount due for the entire academic year and what has already been paid in previous instalments. All students must pay the fourth instalment by **15 April 2027**.

Students who have obtained an early termination of their study programme from the relevant Academic Council, and in accordance with the University's Student Career Regulations, must pay the fee instalments that fall due before their date of graduation.

Any requests for recalculating the all-inclusive fee due for the A.Y. 2026-2027 must be submitted by the final deadline of **31 December 2027** by contacting the Fees Office via [Filodiretto](#).

2.5. EXEMPTIONS AND REFUNDS FOR BACHELOR'S AND MASTER'S DEGREE COURSES

Students may submit requests for fee exemptions and fee and cost reimbursements (net of stamp duty) in the cases identified in the following paragraphs, exclusively referring to academic year 2026-2027 and by 31 December 2027. Requests for exemptions or refunds concerning previous academic years are ineligible, unless otherwise provided for in this Notice.

The student may apply for reimbursement for payments in error, provided the application is submitted within 30 days of making the payment.

Students who resign their studies or request a transfer to other universities may obtain reimbursement of any all-inclusive fee paid for the academic year 2026-2027. If the refund requested is for transfer to universities in other regions or for withdrawal, the student may also request a refund of the regional student welfare tax. The deadlines for submitting the application are **2 October 2026 (in the case of resignation)** or **16 December 2026 (in the case of transfer)**.

Students already enrolled in another degree programme at the University of Pavia for the 2026-2027 academic year – who are ranked as eligible in the national merit lists following the open semester – may request a refund of any fees paid for such academic year until the Ministry has concluded all ranking clearance operations.

Any refunds due will be paid by bank transfer within 60 days of approval of the request to the beneficiary's current account, of which the student is the holder or joint holder, as indicated in the [reserved area](#) by entering the relative IBAN code.

For more information on how to request a refund, see the [relative web page](#).

The refunds identified in paragraphs 2.5.1 and 2.5.2 as being payable ex officio and accrued by 30 April are automatically paid by the university administration by the end of September, only after the beneficiary has entered the IBAN code for the bank transfer in his/her Reserved Area (*Personal Details > Edit refund details*).

Amounts below €10,00 will not be refunded.

2.5.1. Regional tax exemption or refund

1. Exemption for students with disabilities equal to or greater than 66% and/or with disabilities ascertained pursuant to art. 3 of Law 104/1992, upon presentation of documentation certifying the disability (exemption on application - more information on the [relative web page](#) or contact inclusione@unipv.it);
2. Exemption for children of recipients of a work incapacity pension pursuant to Articles 12 and 30 of Law 118 of 30 March 1971. The same exemption applies to children of recipients of disability pensions for civil servants pursuant to Article 2(12) of Law No. 335 of 8 August 1995 (exemption subject to application - more information on [dedicated webpage](#));
3. Exemption for children of legally disabled persons and of victims of acts of terrorism committed in Italy, pursuant to Article 9 of Law 302, as amended, and/or children of victims injured in the course of duty, pursuant to Article 1(563 and 564) of Law No. 266 of 23 December 2005 (exemption subject to application - more information on the [dedicated webpage](#));
4. Exemption for foreign students receiving scholarships from the Italian government as part of development cooperation programmes and intergovernmental cultural and scientific agreements (ex officio exemption);
5. Exemption for students held in custody pursuant to Article 2(11) of Regional Law No. 34 of 29 December 2022 and Article 4(1) of Regional Law No. 14 of 8 August 2024 (exemption subject to application – more information on the [dedicated webpage](#));
6. Refunds for eligible non-beneficiary students meeting requirements for the awarding of regional scholarships provided by EDISU (ex officio refund);
7. Refund for students who lose their conditional enrolment in a master's programme (automatic refund - more information [in the dedicated section](#));

8. Refunds for students who have been enrolled for a specific academic year to a degree course and then proceed with matriculation, for the same academic year, to a master's degree course at the University of Pavia. In such cases the amount paid for enrolment to the level I degree course can be refunded (refund subject to application);
9. Refunds for bachelor students who obtain the qualification in an academic year prior to that of the most recent enrolment. Refunds are not granted if, during the most recent academic year of enrolment, the student received benefits or services from EDiSU or the University (refund subject to application);
10. Refunds for enrolled students who for the same academic year have paid the regional tax at another University in the Lombardy region, also in the case of simultaneous enrolment in two study courses. In all cases, the refund must be requested directly from the University of second enrolment, upon presentation of the payment receipt (refund subject to application);
11. Refunds for students awaiting completion of enrolment who have paid the first instalment but whose enrolment has not been completed due to lack of access requirements (ex officio refund);
12. Reimbursement for international students who, after enrolling, do not obtain a study visa due to denial of the same by the competent Italian Representation (reimbursement subject to application).

2.5.2. Exemptions or refunds: all-inclusive fee

1. Exemption for students with disabilities equal to or greater than 66% and/or with disabilities ascertained pursuant to Article 3 of Law 104/1992, upon presentation of documentation certifying the disability (exemption on application - more information on the [dedicated web page](#) or contact inclusione@unipv.it);
2. Exemption for children of recipients of a work incapacity pension pursuant to Articles 12 and 30 of Law 118 of 30 March 1971. The same exemption applies to children of recipients of disability pensions for civil servants pursuant to Article 2(12) of Law No. 335 of 8 August 1995 (exemption subject to application - more information on [dedicated webpage](#));
3. Exemption for children of legally disabled persons and of victims of acts of terrorism committed in Italy, pursuant to Article 9 of Law 302, as amended, and/or children of victims injured in the course of duty, pursuant to Article 1(563 and 564) of Law No. 266 of 23 December 2005 (exemption subject to application - more information on the [dedicated webpage](#));
4. Exemption for foreign students receiving scholarships from the Italian government as part of development cooperation programmes and intergovernmental cultural and scientific agreements (ex officio exemption)
5. Exemption for students receiving or eligible for regional scholarships provided by EDiSU (ex officio exemption);
6. Refund for students who lose their conditional enrolment in a master's programme (automatic refund - more information [in the dedicated section](#))
7. Refunds for students who have been enrolled for a specific academic year to a degree course and then proceed with matriculation, for the same academic year, to a master's degree course at the University of Pavia. In such cases the amount paid for enrolment to the level I degree course can be refunded (refund subject to application);
8. Refunds for bachelor students who obtain the qualification in an academic year prior to that of the most recent enrolment. Refunds are not granted if, during the most recent academic year of enrolment, the student received benefits or services from EDiSU or the University (refund subject to application);
9. Reimbursement for international students who, after enrolling, do not obtain a study visa due to denial of the same by the competent Italian Representation (reimbursement subject to application);
10. Exemption for students enrolled for the first time at an Italian University in a single-cycle bachelor's or master's degree course who have obtained a maximum score of 100/100 in school-leaving examinations. The same rule will also apply to freshmen with a foreign (school-leaving) diploma if it appears from the certificate of equivalence of qualification that the grade obtained is the maximum achievable grade. This exemption applies only to the year of matriculation (ex officio exemption);

11. Refunds for graduates within the normal duration of single-cycle master's degree courses will obtain a 100% refund of the all-inclusive fee of the previous year if in their academic career they have a number of enrolments equal to and not greater than the normal duration of the course of study on which they are enrolled (ex officio refund);
12. Refunds for graduates within the normal duration of master's degree courses will obtain a 100% reimbursement of the all-inclusive fee paid for the last year of the master's degree course if they have a number of years of enrolment not exceeding three on the level 1 degree course and not exceeding two in the subsequent level II course (ex officio refund). The benefit may not be obtained in one of the following cases:
 - a. if the academic year of matriculation for the master's degree course does not follow on directly from the academic year when the three-year degree course is completed;
 - b. if the student has academic transfer credits (with admission to years after the first year) in either of the two courses;

This form of reimbursement is not possible in the case of a second master's degree and a single-cycle second master's degree if the student has already received this benefit in previous study career paths;

13. Exemption for students enrolled in ordinary courses at the Istituto Universitario di Studi Superiori (IUSS) of Pavia who are awarded a free place at the University Colleges throughout the study programme (three-year programme + master's degree, if applicable – exemption made automatically – benefit valid only for students enrolled up to the 2024-2025 academic year, not applicable for students enrolled from the 2024-2027 academic year);
14. Exemption for permanent employees of the University of Pavia. The benefit may be requested by each employee for no more than five academic years for each three-year course of study and for up to seven academic years, inclusive of the master's degree, or for single-cycle degrees. In any case, enrolment must be of interest to the University and consistent with growth projects in relation to the work carried out (exemption subject to application - more information on the [dedicated web page](#));
15. Exemption for enrolled students who are the children of at least one permanent technical-administrative employee of the University of Pavia with an ISEE of below €34,000, who are exempted from paying 50% of the all-inclusive fee. The benefit is possible for a maximum of one year beyond the normal programme duration, and in the previous year, the student concerned must have acquired at least 30 CFUs (exemption subject to application - more information on the [dedicated web page](#));
16. Exemption for employees of a Public Administration (PA110ELODE): see the [relevant paragraph](#) or [web page](#);
17. Exemption for mailto:care-giver students, as identified by Article 1(255) of Law No. 205 of 27 December 2017, in the amount of 50% of the fee. Access to benefits is limited to students holding an ISEE for the right to education not exceeding €50.000,00. If the student and the assisted person are not part of the same family unit, the income requirement must be met for both family units. The exemption is not compatible with part-time enrolment. The exemption must be requested for each year of enrolment, and is limited to a maximum of one year beyond the normal duration of the study programme (exemption on application - more information on the [dedicated web page](#));
18. Exemption for interested students who have taken and recorded all the examinations and/or other educational activities prescribed as mandatory by their syllabus by 30 April 2027 and who will obtain the relative qualification by 30 September 2027 (15 December 2027 for study courses in the healthcare professions and the Conservation and Restoration of Cultural Heritage courses). At the request of the student concerned, an exemption equal to 75% of the all-inclusive fee for the academic year 2026-2027 is provided. To access the benefit, eligible students must not enrol for the 2026-2027 academic year (and are thus not required to pay the first instalment by September 2026), but must instead submit a waiver application once all activities included in the Curriculum have been recorded within the aforementioned deadlines. Applications for a reassessment of tuition fees must be submitted to the Student Career Office via [Filodiretto](#) within 12 July 2027 (late applications will incur a penalty fee). If the final exam is taken after the above dates, the student must pay the full amount of the all-inclusive fee established for his/her study course. Exemption may only be requested once in connection with an active university career. Exemption cannot be sought following an interruption (exemption subject to application - more information on the [dedicated webpage](#));

19. Exemption for siblings enrolled in the same academic year on Level I and/or Level II degree courses at the University of Pavia, who are granted a discount of up to €300,00 on the all-inclusive fee, providing the ISEE of the family unit to which the students belong is less than or equal to €45.000,00 (Siblings Bonus). The “bonus” is granted to each sibling subject to the following conditions:
- a. they are enrolled at the University of Pavia in the same academic year. If during the academic year one of the two siblings completes the degree course or decides to end his/her academic career as a result of transfer, renunciation, etc. the bonus will in any case be granted to the student who retains his/her enrolment for that academic year;
 - b. being part of the family unit as certified for the purposes of calculating the ISEE. The exemption does not apply therefore in the case of students who are independent or who have formed a family unit of their own.

The discount is deducted retroactively from the fourth instalment and relates to the part of the all-inclusive fee due, and within that amount; therefore, if a student does not owe any sum pertaining to the all-inclusive fee or owes a figure below €300,00, the discount applied will be equal to the amount due to the University.

The request must be received by the deadline and following the procedure indicated on the [dedicated web page](#) (exemption on application);

20. Exemption for students who, on reaching the age of majority, live outside their family unit of origin based on a guardianship order issued by the judicial authority, for having been placed in a residential facility for minors, or in hetero-family foster care (care leavers). Applicants must submit their application by enclosing the appropriate Declaration in Substitute of Certificate, in which they must self-certify the composition of their current family unit, and copies of the documentation proving foster care (exemption on application - more information on the [relative web page](#));
21. Exemption for international students eligible for the [Fee Waiver Programme](#) from paying the all-inclusive fee exclusively for the first year of enrolment in level I and level II courses (ex officio exemption);
22. Refund, in the event of the student's death, of the sums paid for the academic year in which the event occurred (refund at the request of the assigns).

Also exempt/reimbursed, totally or partially, from payment of the all-inclusive fee and/or other generic fees are students who fall under the cases provided for by legislation or governed by agreements entered into by the University of Pavia, or by resolution of the Board of Directors, having the aim of incentivising specific study courses.

2.6. SPECIAL FEES

2.6.1. Late payment penalty

The late payment penalty is due for:

- any payment made after the deadlines indicated herein. In the event of late payment of the fee instalments, the late fee is only due if the amount in arrears is more than € 57,00;
- submitting the study plan or the application for the degree after the deadlines defined in the academic calendar or the University's Student Careers Regulations or indicated in this Notice.

The fee is €82,00 and is reduced to €57,00 if payment is made within 15 days from expiry of the deadlines.

For authorisations for the automatic acquisition of ISEE data received after the deadline and/or if on the same date the ISEE is not available in the INPS database, a penalty of €165,00 is due, reduced to €115,00 if the student authorises and/or acquires the ISEE within 15 days following the 22 October 2026 deadline.

2.6.2. Place confirmation

Place confirmation fee for international students admitted to all non-restricted access degree programmes during the first two admission rounds (November–December and January–February).

The fee, amounting to € 200,00 per student, must be paid within 10 days of confirmation of admission in order to affirm one's interest in continuing with enrolment. The fee will only be refunded automatically to students who (i) have completed the enrolment process on a final basis – provided that they keep it active until the date of reimbursement – and (ii) do not have any pending cases regarding the delivery of documents relating to the foreign qualification. Should this not be the case, the fee will not be refunded.

Eligibility for refund will be assessed by November 2026 for EU students, and by March 2027 for non-EU students, subject to establishing the issuance of an entry visa by 28 February 2027. Failure to establish the issuance of an entry visa within the specified deadline will cause the student's career to be closed automatically and the fee will not be refunded.
